Education

Simon Fraser University   **May 2023-Present**
BSc. Computer Science – Software Systems

Langara College   **Sep 2020-Apr 2023**
Associate of Computer Science

Project Experience

Budget Tracker App: Front-End Developer   **Sep-Dec 2023**
Introduction to Software Engineering, SFU
- Coordinated tasks among team members unfamiliar with GitHub, ensuring efficient workflow and team collaboration, leading to the timely and successful completion of the project
- Designed and implemented the front-end of a budget tracker app, focusing on user-friendly UI design, incorporating a versatile dark mode, and creating intuitive graphics for data visualization, enhancing user experience and app functionality
- Developed the back-end for a budget tracker app, implementing algorithms to calculate weekly, monthly, and semester averages, and designed a feature to suggest potential savings or spending reduction based on predefined thresholds, thereby enhancing the app's financial planning capabilities

SUNGWI KIM

Employment

Kitchen Helper   **Sep-Present**
JINYA Ramen Bar, Burnaby BC
- Expertly managed soup preparation in ramen restaurant, accurately gauging consumption trends to ensure optimal quantity and quality, contributing to consistent customer satisfaction with each serving
- Prepared a variety of appetizers and non-ramen dishes, showcasing versatility and culinary skills in creating diverse and appealing menu options that complemented the restaurant's main offerings
- Handled dishwashing duties with efficiency, and performed essential groundwork for ramen and other dishes, including vegetable cutting and sauce mixing, ensuring smooth kitchen operations and high standards of food preparations

Technical and Sales Assistant   **Dec 2020-Mar 2021**
SHOWROOM, Tokyo, Japan
- Conducted extensive research on illustrators for a new VTuber project, scheduled appointments, and effectively communicated the concept to potential sponsors, playing a pivotal role in acquiring 2D and 3D models for the VTuber initiative
- Designed user-friendly UI elements for SHOWROOM's streaming service app, focusing on event notifications and upgrades, enhancing user engagement by providing streamlined information on upcoming events accessible to all streamers on the platform
- Efficiently created and maintained detailed meeting minutes, ensuring accurate documentation and effective communication of key decisions and action items, thus supporting the smooth operation and strategic planning of the company

Cram School Tutor   **Apr 2020-March 2021**
TOMAS, Kanagawa, Japan
- Crafted individualized learning schedules and curriculums for junior high and high school students at a cram school, specializing in English and Mathematics, which significantly improved their preparedness for high school and university entrance exams
- Successfully communicated with parents regarding students' academic progress and exam readiness, ensuring a clear understanding of the student's learning status and fostering a supportive environment for their educational advancement

Transferable Skills

- Inherent sense of curiosity for learning new skills and technology
- Ability to collaborate effectively with team members to achieve common goals
